Last Dividend Declaration Date: $\square$
RATE SCHEDULE

## Except as specifically described, the following

## disclosures apply to all of the accounts.

1. Rate Information. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account passed on the dividend rate and frequency of compounding for an annual period. For Savings, Club and Vacation accounts, the Dividend Rate and Annual Percentage Yield may change quarterly as determined by the Credit Union's Board of Directors. For Share Draft (Checking) accounts, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the Rates and Yields as of the Last Dividend Declaration Date which is set forth in the Rate Schedule. The Saving / Club and Vacation Accounts are Tiered Rate accounts. If your average daily account balance is $\$ 500.00$ to $\$ 2,999.99$, the first Dividend Rate and Annual Percentage Yield listed for this account in the Rate Schedule will apply. If your average daily account balance is from $\$ 3,000.00$ to $\$ 9,999.99$, the second Dividend Rate and Annual Percentage Yield listed for this account apply. If your average daily account balance is greater than $\$ 9,999.99$, the third Dividend Rate and Annual Percentage Yield listed for this account will apply. Once a particular balance range is met, the Dividend

Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account. The Share Draft (Checking) Accounts are Tiered Rate accounts. If your average daily account balance is from $\$ 500.00$ to $\$ 9,999.99$, the first Dividend Rate and Annual Percentage Yield listed for this account apply. If your average daily account balance is greater than $\$ 9,999.99$, the second Dividend Rate and Annual Percentage Yield listed for this account will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account.
2. Nature of Dividends. Dividends are paid form current income and available earnings after required transfers to reserves at the end of the dividend period.
3. Dividend Compounding and Crediting. The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.
4. Accrual of Dividends. For all accounts, dividends will begin to accrue on non-cash deposits (e.g. checks) on the day the Credit Union receives provisional credit. For all accounts, if you close your account before accrued dividends are credited, accrued dividends wall not be paid.
5. Balance information. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, there is a minimum average daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum average daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using an Average Daily Balance method, dividends are calculated by applying a periodic rate to the average daily balance in the account for the period. The average daily balance is determined by adding the full amount of principal in the account for each day of the period and dividing that figure by the number of days in the period.
6. Account Limitations. For Savings and Club accounts, three (3) free withdrawals per Calendar Quarter, after which a fee will be imposed. For Vacation Accounts two (2) free withdrawals per Calendar Year, after which a fee will be imposed. You may make transfers or withdrawals in the first seven (7) days after the account is opened without restriction. For Share Draft (Checking) accounts, a monthly service fee will apply.
